

PURCHASE OF SERVICES EXPENDITURE AND DEMOGRAPHIC DATA

Fiscal Year 2019 - 2020

Introduction

Changes to the Lanterman Act require regional centers and the Department of Developmental Services to annually collaborate, and compile data related to purchase of service authorizations, utilization, and expenditures by identified demographic categories.

Harbor Regional Center has prepared this report to provide this data, and to post it on our website, in accordance with this section of the Lanterman Act (Welfare and Institutions Code, Sections 4519.5 and 4519.6).

4519.5. (a) The department and the regional centers shall annually collaborate to compile data in a uniform manner relating to purchase of service authorization, utilization, and expenditure by each regional center with respect to all of the following:

(1) The age of consumer, categorized by the following:

(A) Birth to age two, inclusive.

(B) Three to 21, inclusive.

(C) Twenty-two and older.

(2) Race or ethnicity of the consumer.

(3) Primary language spoken by the consumer, and other related details, as feasible.

(4) Disability detail, in accordance with the categories established by subdivision (a) of Section 4512, and, if applicable, a category specifying that the disability is unknown.

(5) Residence type, subcategorized by age, race or ethnicity, and primary language.

(b) The data reported pursuant to subdivision (a) shall also include the number and percentage of individuals, categorized by age, race or ethnicity, and disability, and by residence type, as set forth in paragraph (5) of subdivision (a), who have been determined to be eligible for regional center services but are not receiving purchase of service funds.

(c) By March 31, 2013, each regional center shall post the data described in this section that is specific to the regional center on its Internet Web site. Commencing on December 31, 2013, each regional center shall annually post this data by December 31. Each regional center shall maintain all previous years' data on its Internet Web site.

(d) By March 31, 2013, the department shall post the information described in this section on a statewide basis on its Internet Web site. Commencing December 31, 2013, the department shall annually post this information by December 31. The department shall maintain all previous years' data on its Internet Web site. The department shall also post notice of any regional center stakeholder meetings on its Internet Web site.

(e) Within three months of compiling the data with the department, and annually thereafter, each regional center shall meet with stakeholders in one or more public meetings regarding the data. The meeting or meetings shall be held separately from any meetings held pursuant to Section 4660. The regional center shall provide participants of these meetings with the data and any associated information, and shall conduct a discussion of the data and the associated information in a manner that is culturally and linguistically appropriate for that community, including providing alternative communication services, as required by Sections 11135 to 11139.7, inclusive, of the Government Code and implementing regulations. Regional centers shall inform the department of the scheduling of those public meetings 30 days prior to the meeting. Notice of the meetings shall also be posted on the regional center's Internet Web site 30 days prior to the meeting and shall be sent to individual stakeholders and groups representing underserved communities in a timely manner. Each regional center shall, in holding the meetings required by this subdivision, consider the language needs of the community and shall schedule the meetings at times and locations designed to result in a high turnout by the public and underserved communities.

(f) (1) Each regional center shall annually report to the department regarding its implementation of the requirements of this section. The report shall include, but shall not be limited to, all of the following:

(A) Actions the regional center took to improve public attendance and participation at stakeholder meetings, including, but not limited to, attendance and participation by underserved communities.

(B) Copies of minutes from the meeting and attendee comments.

(C) Whether the data described in this section indicates a need to reduce disparities in the purchase of services among consumers in the regional center's catchment area. If the data does indicate that need, the regional center's recommendations and plan to promote equity, and reduce disparities, in the purchase of services.

(2) Each regional center and the department shall annually post the reports required by paragraph (1) on its Internet Web site by August 31.

4519.6. The department and the regional centers to annually collaborate to determine the most appropriate methods to collect and compile meaningful data in a uniform manner, as specified in Section 4519.5, related to the payment of copayments, coinsurance, and deductibles by each regional center.

Included in the beginning of this report is a summary of limitations related to this data. We encourage you to review this introductory summary, before reviewing the data.

The report is organized in the following sections:

- Total Annual Expenditures and Authorized Services
- Clients with No Purchase of Services
- Total Annual Insurance-Related Expenditures
- Total Annual Expenditures by Ethnicity and Residence Type
- Total Annual Expenditures by Language and Residence Type
- Total Annual Expenditures for Clients Living at Home or Out of Home By Ethnicity

Harbor Regional Center will be holding a public meeting in the near future, to present this data. Please watch our website, where we will be posting the announcement of this meeting, at www.harborrc.org.

REGIONAL CENTER PURCHASE OF SERVICES (POS) DATA LIMITATIONS OF POS EXPENDITURE DATA

1. Purchase of Service Costs

The Purchase of Service (POS) data displayed represents the cost of services that the regional center authorized and that Clients received that are paid for by the regional center. This POS expenditure data does not include the cost of services Clients receive that are paid for by Supplemental Security Income, Medi-Cal, the school system, and other generic agencies. The POS expenditure data represents expenditures the regional center made for services Clients received during Fiscal Year (FY) 2019-20 based on regional center POS state claim data that was provided to DDS as of December, 2020. The regional center may still make payments for services provided to Clients during FY 2019-20 up until June 2022.

2. Client Count

The total number of Clients who received services during the fiscal year will be greater than the regional center's actual caseload. A Client is included in the data if the Client received a regional center funded service at any time during the fiscal year. A Client who received a single service once during the year is counted the same as a Client who received ongoing monthly services. The Client is also counted regardless of their current status with the regional center. The data may include Clients whose current status is closed, transferred-out, inactive, etc. if the Client received regional center services during FY 2019-20.

3. Contract Purchase of Service Expenditures

Due to the limitations of the regional center uniform fiscal system (UFS), POS expenditure data may not include payments made by the regional center that are paid to a service provider under a "contract". Currently, UFS is unable to allocate expenditures paid to a service provider under a "contract" to Clients utilizing the "contract" service. Therefore, POS expenditures paid under a "contract" are excluded from the POS data. Typical services paid to a service provider under a "contract" may include, but are not limited to, supported employment program (SEP) group services and specialized health and training services. Therefore, the total amount of POS expenditures reported will not reconcile with the regional center's actual POS expenditures for FY 2019-20.

4. Authorized Services

Services that are authorized "encumber" the funds needed to pay for those services. The regional center's computer system (UFS) gives the regional center options regarding the "maintenance" of its encumbrances. When encumbrances are routinely adjusted for non-utilization, there will be a higher utilization percentage. When encumbrances are not routinely adjusted for non-utilizations, there will be a lower utilization rate.

5. Clients with Multiple Diagnoses

There are many clients who have more than one diagnosis. In the summary reports for Purchase of Service Expenditures by Diagnosis and Consumers with No Purchase of Service by Diagnosis these consumers will be counted in every category for which they have a diagnosis. As an example, a client with a diagnosis of both autism and epilepsy will be counted in both the “Autism” and “Epilepsy” categories. Therefore, the sum of the clients reported in all the categories will be more than the total number of clients served by the regional center.

6. Category 5 Clients

Clients listed in Category 5, according to Welfare and Institutions Code section 4512, are individuals who have “disabling conditions found to be closely related to intellectual disability or to require treatment similar to that required for individuals with intellectual disability, but shall not include other handicapping conditions that are solely physical in nature.”

7. Ethnicity/Race Categories

Ethnicity or race categories in this report are those used by the United States Census Bureau as follows:

American Indian or Alaska Native – A person having origins in any of the original peoples of North and South America (including Central America) and who maintains tribal affiliation or community attachment.

Asian – A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Native Hawaiian or Other Pacific Islander – A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

White – A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

Black or African American – A person having origins in any of the Black racial groups of Africa.

Hispanic –Cuba, Mexico, Puerto Rico, South or Central America, or other Spanish culture regardless of race

Other – Includes all other responses not included in the "White", "Black or African American", "American Indian and Alaska Native", "Asian" and "Native Hawaiian and Other Pacific Islander" race categories described above and includes those who fall in multiple categories.

8. COVID-19 State of Emergency

On March 12, 2020, Governor Gavin Newsom declared a State of Emergency for California as a result of the global outbreak of a novel coronavirus (COVID-19). As a result of the State of Emergency, the Department of Developmental Services authorized regional centers to pay vendors for absences that are the direct result of the COVID-19 outbreak in California. The expenditure data reported includes payments made by the regional center to service providers for such absences.

Individuals with multiple diagnoses are reported multiple times in the "Total Annual Expenditures and Authorized Report by Diagnosis - Legislative" report in order to capture information regarding expenditures made by the type of diagnosis. Therefore the total number of consumers, total actual annual expenditures, and total annual authorized amounts will not reconcile with the regional center's actual consumer caseload, the regional center's actual annual expenditures, or the regional center's authorized annual amounts. Additionally, the expenditure data reported may not include payments made by the regional center to a service provider under a Contract. Typical services paid to a service provider under a Contract include, but are not limited to, Transportation Services, Transportation Assistant Services, and Supported Employment Program (SEP) Group Services.

Individuals with multiple diagnoses are reported multiple times in the "Total Annual Expenditures and Authorized Report by Diagnosis - Legislative" report in order to capture information regarding expenditures made by the type of diagnosis. Therefore the total number of consumers, total actual annual expenditures, and total annual authorized amounts will not reconcile with the regional center's actual consumer caseload, the regional center's actual annual expenditures, or the regional center's authorized annual amounts. Additionally, the expenditure data reported may not include payments made by the regional center to a service provider under a Contract. Typical services paid to a service provider under a Contract include, but are not limited to, Transportation Services, Transportation Assistant Services, and Supported Employment Program (SEP) Group Services.
