## **INDEPENDENT AUDITORS' REPORT**

To the Board of Trustees  
Harbor Developmental Disabilities Foundation  
Torrance, California

### **Report on the Financial Statements**

#### ***Opinion***

We have audited the financial statements of Harbor Developmental Disabilities Foundation dba Harbor Regional Center, a California nonprofit corporation (the Foundation), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibility of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for one year after the date the financial statements are issued.

## **INDEPENDENT AUDITORS' REPORT**

(Continued)

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## INDEPENDENT AUDITORS' REPORT

(Continued)

### ***Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects, in relation to the financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2024, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

## NOTES TO THE FINANCIAL STATEMENTS

---

### 1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Nature of Activities** Harbor Developmental Disabilities Foundation (the Foundation), doing business as Harbor Regional Center, was incorporated on May 3, 1977, as a California nonprofit corporation for the purpose of operating Harbor Regional Center and related activities. Prior to incorporation, the Foundation was operated by a medical association. The Foundation was organized in accordance with the provisions of the Lanterman Developmental Disabilities Services Act (the Act) of the Welfare and Institutions Code of the State of California. In accordance with the Act, the Foundation provides diagnostic evaluations, service coordination, and lifelong planning services for persons with developmental disabilities and their families. The areas served include the Los Angeles County Health Districts of Bellflower, Harbor, Long Beach, and Torrance.

The Act includes governance provisions regarding the composition of the Foundation's board of trustees. The Act states that the board shall be comprised of persons with demonstrated interest in, or knowledge of, developmental disabilities, and other relevant characteristics, and requires that a minimum of 50% of the governing board be individuals with developmental disabilities or their parents or legal guardians; and that no less than 25% of the members of the governing board shall be individuals with developmental disabilities. In addition, a member of a required advisory committee, composed of persons representing the various categories of providers from which the Foundation purchases direct services, shall serve as a member of the regional center board. To comply with the Act, the Foundation's board of trustees includes individuals with developmental disabilities, or their parents or legal guardians, who receive services from the Foundation and a service provider of the Foundation.

The Foundation contracts with the State of California Department of Developmental Services (DDS) to operate a regional center for individuals with developmental disabilities and their families. The maximum expenditures under the contract are limited to the contract amount plus interest earned and other income. The Foundation is required to maintain records in accordance with the Regional Center Master Contract.

In the event the DDS finds that any regional center, including the Foundation, is not fulfilling its contractual obligations, the DDS may make reasonable efforts to resolve the matter with the regional center or to renegotiate its contract with the Foundation. If the DDS determines that all efforts to resolve the matter have been unsuccessful it may initiate specified procedures pursuant to California Welfare & Institutions Code §4635 to terminate its contract with the regional center. If necessary, to avoid disruption of the service program, the DDS may, pursuant to California Welfare & Institutions Code §4636, directly operate a regional center during the interim period between the termination of its contract with one governing board and the assumption of operating responsibility by a regional center contract with another governing board.

**Basis of Accounting** The accompanying financial statements have been prepared on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the obligation is incurred. Reimbursements from the State are considered earned when a qualifying expense is incurred.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

**Financial Statement Presentation** The Foundation's financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. Under FASB ASC Topic 958, the Foundation is required to report information regarding its financial position and activities according to two classes of net assets based upon the existence or absence of donor-imposed restrictions, as follows:

*Net Assets Without Donor Restrictions:* Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

*Net Assets With Donor Restrictions:* Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. As of June 30, 2023 and 2022, the Foundation has no net assets with donor restrictions.

**Cash and Cash Equivalents** For purposes of the statement of cash flows, the Foundation considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. In accordance with the State Regional Center contracts, bank accounts are in the name of both DDS and the Foundation.

**Significant Concentrations of Credit Risk** The Foundation maintains substantially all of its cash and temporary cash investments at two financial institutions. Accounts at the financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At times the Foundation's cash balances may exceed federally insured limits. The Foundation began to utilize the Insured Cash Sweep (ICS) service provided through one of the financial institutions. The ICS service places excess funds into demand deposit accounts at various ICS Network member institutions in increments below the FDIC insurance maximum of \$250,000. The Foundation has not experienced any loss and management believes it is not exposed to any significant risk on such accounts.

**Corporate Bonds** The Foundation accounts for corporate bonds at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards have established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (level 3 measurements).

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Foundation has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted market prices included in level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

Corporate bonds are financial instruments that are measured at fair value on a recurring basis in the accompanying statements of financial position. Corporate bonds are generally valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available to comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit or liquidity. Therefore, the corporate bonds are classified within level 2 of the fair value hierarchy.

The Foundation held \$98,280 and \$98,070 at June 30, 2023 and 2022, respectively, in corporate bonds.

**State Regional Center Contract Receivables and Advances** Contracts receivable represent amounts due from the State for reimbursement of expenditures made by the Foundation under the annual regional center contracts. The Foundation considers all amounts receivable under grant contracts to be collectible; accordingly, no allowance for doubtful accounts exists.

The contract advance balance represents cash advances received by the Foundation under the annual regional center contracts. Amounts receivable from the State are offset against advances payable when the State notifies the Foundation that a right of offset exists.

**Receivable - Intermediate Care Facility Providers** The Center for Medicare and Medicaid Services (CMS) approved federal financial participation in the funding of day and related transportation services purchased for individuals served by the Foundation who reside in Intermediate Care Facilities (ICFs). CMS agreed that the day and related transportation services are part of the ICF service. Accordingly, all the Medicaid funding for the ICF residents must go through the applicable ICF provider. The Foundation receives a 1.5% administrative fee based on the funds received to cover the additional workload.

DDS has directed the Foundation to prepare billings for these services on behalf of the ICF's and submit a separate state claim report for these services. The Foundation was directed to reduce the amount of its regular state claim to DDS by the dollar amount of these services. Reimbursement for these services will be received from ICFs. DDS advances the amount according to the state claim to the ICFs. The ICFs are then required to pass on the payments received, as well as the Foundation's administrative fee, to the Foundation within 30 days of receipt of funds from the State Controller's Office.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

**Prepaid Expenses** Payments made to vendors for services that will benefit the Foundation for periods beyond the current fiscal year are recorded as prepaid expenses.

**Leases** The Foundation accounts for leases in accordance with FASB ASC 842. The Foundation is a lessee in noncancellable operating leases for office space, as well as an operating lease for office equipment. The Foundation determines if an arrangement is a lease, or contains a lease, at inception of a contract and when terms of an existing contract are changed. The Foundation determines if an arrangement conveys the right to use an identified asset and whether the Foundation obtains substantially all of the economic benefits from and has the ability to direct the use of the asset. The Foundation recognizes a lease liability and right-of-use (ROU) asset at the commencement date of the lease.

*Operating Lease Liabilities:* A lease liability is measured based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable lease payments depend on an index or rate and are measured using the index or rate at the commencement date. Lease payments, including variable payments made based on an index or rate, are remeasured when any of the following occur: (1) the lease is modified (and the modification is not accounted for as a separate contract), (2) certain contingencies related to variable lease payments are resolved, or (3) there is a reassessment of any of the following: the lease term, purchase options, or amounts that are probable of being owed under a residual value guarantee. The discount rate is the rate implicit in the lease if it is readily determinable; otherwise, the Foundation has elected to use the risk-free borrowing rate per Accounting Standards Update (ASU) No. 2021-09, *Leases (Topic 842): Discount Rate for Lessees That are Not Public Business Entities*. The Foundation has elected to use this rate for all classes of underlying assets.

*Operating Lease – Right-of-Use (ROU) Asset:* A ROU asset is measured at the commencement date at the amount of the initially measured liability plus any lease payments made to the lessor before or after commencement date, minus any lease incentives received, plus any initial direct costs. Unless impaired, the ROU asset is subsequently measured throughout the lease term at the amount of the lease liability (that is the present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

The Foundation has elected not to recognize the ROU assets and lease liabilities that arise from short-term leases (have a lease term of 12 months or less, but greater than one month at lease commencement, and do not include an option to purchase the underlying assets that the Foundation is reasonably certain to exercise) for any class of underlying asset and instead recognize the lease payments in the statements of functional expenses.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

**Equipment Purchases** In accordance with the State Regional Center contracts, all equipment purchased with contract funds is the property of the State. The Foundation is required to maintain memorandum records of equipment purchases and dispositions. Equipment purchases are recorded as supporting or program service expenses when they are incurred. The cost basis of the property utilized by the Foundation and owned by the State was \$1,070,609 and \$1,190,893 at June 30, 2023 and 2022, respectively. These balances include only the equipment that is sensitive and exceeds \$5,000 as required by System Award Management (SAM) guidelines.

**Accrued Vacation Leave Benefits** The Foundation has accrued a liability for vacation leave benefits earned. However, such benefits are reimbursed under the state contract only when actually paid. The Foundation has also recorded a receivable from the state for the accrued leave benefits to reflect the future reimbursement of such benefits.

**Deferred Rent** For the year ended June 30, 2022, the Foundation leased their office facilities under lease agreements that were subject to scheduled acceleration of rental payments. The scheduled rent increases were amortized evenly over the life of the leases in accordance with U.S. GAAP. The deferred rent liability represents the difference between the cash payments made and the amount expensed since inception of the lease. The Foundation recorded a receivable from the State equal to the deferred rent liability to reflect the future reimbursement of the additional rent expense. As of July 1, 2022 (as noted above), the Foundation adopted ASU 2016-02 *Leases* (Topic 842). As a result of this adoption, the Foundation no longer records deferred rent, rather ROU assets and lease liabilities. Refer to footnote 7 for more detail on the Foundation's leases.

**Unexpended Client Trust Funds** The Foundation assumes a fiduciary relationship with certain individuals served by the Foundation who receive funds from private and governmental sources, including the Social Security Administration and Veterans Administration. These funds are used primarily to offset out-of-home placement and living costs. These funds are held in a separate bank account and interest earnings are credited to the clients' balances.

**Revenue and Revenue Recognition** The Foundation recognizes contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give - that is, those with a measurable performance or other barrier and a right of return - are not recognized until the conditions on which they depend have been met.

A significant portion of the Foundation's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Foundation has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are recorded as an advance and included with the Net receivable - State Regional Center contracts balance on the statement of financial position. The Foundation received cost-reimbursable grants of \$99,053,334 and \$81,412,231 that have not been recognized in revenue at June 30, 2023 and 2022, respectively, because qualifying expenditures have not yet been incurred. See Note 5 for detail on the Net receivable - State Regional Center contracts balance.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

**Federal Grants** The Foundation received the following federal grants as of June 30, 2023 and 2022, as follows:

*U.S. Department of Education:* The Foundation is a sub-recipient to State of California DDS with regard to the Special Education Grants for Infants and Families, which provides funding for early intervention services for infants and toddlers, through age 3, as authorized by Public Law 102-119. Revenue received from this program was \$827,959 and \$884,517 for the years ended June 30, 2023 and 2022, respectively, and is included in State Regional Center contracts revenue on the statement of activities.

*U.S. Department of Health and Human Services:* The Foundation was a recipient of the CARES Act Provider Relief Fund made available to providers of health care services and supports, including agencies serving people with developmental disabilities. Allowable expenses under the Provider Relief Fund were used to prevent, prepare for and respond to coronavirus (COVID-19), and for related expenses or lost revenues attributable to COVID-19. Funding could not be used where another source reimbursed or was obligated to reimburse the expenses or losses. Revenue received from this program was \$0 and \$552,273 for the years ended June 30, 2023 and 2022, respectively, and is included on the statement of activities.

**Revenue Concentration** State Regional Center contract revenue is revenue received under an annual cost reimbursement contract from the State of California in accordance with the Lanterman Act. Approximately ninety-nine percent of revenue is derived from this source. Each fiscal year, the Foundation enters into a new contract with the state for a specified funding amount subject to budget amendments. Revenue from the state is recognized monthly when a claim for reimbursement of actual expenses is filed with the state. These reimbursement claims are paid at the state's discretion either through direct payments to the Foundation or by applying the claims reimbursements against advances already made to the Foundation. The maximum expenditures under the contract are limited to the contract amount plus interest earned. The Foundation is required to maintain accounting records in accordance with the Regional Center Fiscal Manual, issued by DDS, and is required to have DDS approval for certain expenses. In the event of termination or nonrenewal of the contract, the State of California maintains the right to assume control of the Center's operation and the obligation of its liabilities.

**Allocation of Expenses** The statement of functional expenses allocates expenses for all funds to the program and supporting service categories based on a direct cost basis for purchase of services and salaries and related expenses. Operating expenses are allocated based on a percentage of salaries and related expenses per category to total salaries and related expenses, except for certain expenses that are designated as program or supporting services.

**Income Taxes** The Foundation has received tax-exempt status under Section 501(c)(3) of the *Internal Revenue Code*, and Section 23701(d) of the *California Revenue and Taxation Code*, and has been classified as an organization that is not a private foundation under Section 509(a) of the *Internal Revenue Code*. Accordingly, no provision for income taxes is included in the financial statements.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

The Foundation accounts for income taxes in accordance with FASB ASC 740, *Income Taxes*, which clarifies the accounting for uncertainty in income taxes and how an uncertain tax position is recognized in financial statements. The Foundation analyzes tax positions taken in previously filed returns and tax positions expected to be taken in future returns. Based on this analysis, a liability is recorded if uncertain tax benefits have been received. The Foundation's practice is to recognize interest and penalties, if any, related to uncertain tax positions in the tax expense. There were no uncertain tax positions identified or related interest and penalties recorded as of June 30, 2023 and 2022, and the Foundation does not expect this to change significantly over the next 12 months.

**Concentration of Labor** The Foundation retains approximately 82% of its labor force through Social Services Union, Local 721, Services Employees International Union (Union). This labor force is subject to a collective bargaining agreement and, as such, renegotiation of such agreement could expose the Foundation to an increase in hourly costs and work stoppages. In July 2022, negotiations concluded between the Foundation and the Union, extending the current agreement to June 30, 2025.

**Use of Estimates and Assumptions** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

**Change in Accounting Principle** In February 2016, FASB issued ASU No. 2016-02, *Leases (Topic 842)*. FASB ASC 842 supersedes the lease requirements in FASB ASC 840. Under FASB ASC 842, lessees are required to recognize assets and liabilities on the balance sheet for most leases and provide enhanced disclosures. The Foundation adopted FASB ASC 842, with a date of initial application of July 1, 2022, by applying the modified retrospective transition approach and using the additional (and optional) transition method provided by ASU No. 2018-11, *Leases (Topic 842): Targeted Improvements*. The Foundation did not restate prior comparative period as presented under FASB ASC 840 and instead evaluated whether a cumulative effect adjustment to net assets as of July 1, 2022, was necessary for the cumulative impact of adoption of FASB ASC 842. No cumulative effect adjustment to retained earnings as of July 1, 2022, was necessary. FASB ASC 842 did not have a significant effect on the results of operations or cash flows for the year ended June 30, 2023.

Package of practical expedients:

- Election not to reassess whether any expired or existing contracts are or contain leases.
- Election not to reassess the lease classification for any expired or existing leases.
- Election not to reassess initial direct costs on any existing leases.

Other practical expedients:

- Election whereby the lease and nonlease components will not be separated for all classes of underlying assets.
- Election not to record ROU assets and lease liabilities for short-term leases with a lease term of 12 months or less, but greater than 1 month. Leases of 1 month or less are not included in short-term lease costs.

**Subsequent Events** Management has evaluated subsequent events through January 16, 2024, the date on which the financial statements were available to be issued.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

### 2. LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following:

June 30	2023	2022
Cash and cash equivalents	\$ 35,192,909	\$ 22,490,752
Net receivable - State Regional Center contracts	885,202	6,140,202
Receivable - Intermediate Care Facilities	667,418	850,943
<b>Total</b>	<b>\$ 36,745,529</b>	<b>\$ 29,481,897</b>

Each regional center submits a monthly purchase of service expenditure projection to DDS, beginning in December of each fiscal year. By February 1st of each year, DDS allocates to all regional centers no less than 100% of the enacted budget for Operations and 99% of the enacted budget for Purchase of Service. To do this, it may be necessary to amend the Foundation's contract in order to allocate funds made available from budget augmentations and to move funds among regional centers. In the event that DDS determines that a regional center has insufficient funds to meet its contractual obligations, DDS shall make best efforts to secure additional funds and/or provide the regional center with regulatory and statutory relief. The contract with DDS allows for adjustments to the Foundation's allocations and for the payment of claims up to two years after the close of each fiscal year.

In addition, the Foundation maintains a revolving note (Note 6) to manage cash flow requirements as needed should there be delays in reimbursement for expenditures from DDS.

### 3. FUNDING LIMITS

The Foundation contracts with DDS to operate a regional center to provide services and support for individuals with developmental disabilities and their families. Contracts are open for the current and two prior fiscal years as follows:

Fiscal Years Ended	Contract Amount	Cumulative Expenses	Unexpended Balance
June 30, 2023	\$ 422,442,297	\$ 335,342,603	\$ 87,099,694
June 30, 2022	\$ 333,640,448	\$ 301,034,407	\$ 32,606,041
June 30, 2021	\$ 288,983,918	\$ 281,710,794	\$ 7,273,124

Management monitors the unexpended balance annually to avoid overspending the contract limits. A majority of the unexpended balance is related to purchase of direct services and this amount could change due to delinquent billings. Management believes that total expenditures for each open year will not exceed the final approved State contract amount.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

### 4. UNEXPENDED CLIENT TRUST FUNDS

The Foundation functions as custodian for the receipt of certain governmental payments and resulting disbursements made on behalf of certain individuals served by the Foundation. These cash balances are segregated from the operating cash accounts of the Foundation and are restricted for their support. Since the Foundation is acting as an agent in processing these transactions, no revenue or expense is reflected on the accompanying statement of activities.

The following is a summary of operating cash activity for the year ended June 30, 2023 and 2022:

Years Ended June 30	2023	2022
Social security and other support received	\$ 3,473,795	\$ 2,901,634
Residential care and other disbursements	3,310,945	2,900,950
<b>Support Over (Under) Disbursements</b>	<b>162,850</b>	<b>684</b>
Changes to reconcile support over (under) disbursements to net cash used in support and care activities:		
Change in receivable from state and federal agencies	(131,843)	25,346
Change in amounts due to the Foundation	45,257	(11,833)
<b>Subtotal</b>	<b>(86,586)</b>	<b>13,513</b>
<b>Net Cash Provided for (Used In) Support and Care Activities</b>	<b>76,264</b>	<b>14,197</b>
<b>Cash - Client Trust Funds - Beginning of Year</b>	<b>709,102</b>	<b>694,905</b>
<b>Cash - Client Trust Funds - End of Year</b>	<b>\$ 785,366</b>	<b>\$ 709,102</b>

### 5. NET RECEIVABLE - STATE REGIONAL CENTER CONTRACTS

Contracts receivable represent amounts due from the State for reimbursement of expenditures made by the Foundation under the annual Regional Center contracts. Advances represent cash advances received by the Foundation under the annual Regional Center contracts. Amounts receivable from the State are offset against advances payable when the State notifies the Foundation that a right of offset exists.

Years Ended June 30	2023	2022
Contracts receivable	\$ 99,938,536	\$ 87,552,433
Less: Contract advances	(99,053,334)	(81,412,231)
<b>Net Receivable - State Regional Center Contracts</b>	<b>\$ 885,202</b>	<b>\$ 6,140,202</b>

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

### 6. SHORT-TERM BORROWINGS

The Foundation began the year with a \$45,000,000 line of credit with Pacific Premier Bank, secured by an interest in all personal property and assets of the Foundation. Interest under the line of credit was charged at the bank's reference rate of 5.17%. On April 13, 2023, the Foundation extended their line of credit with Pacific Premier Bank to expire June 30, 2024. Effective July 1, 2023, the limit was increased to \$50,000,000. No amount was drawn during the fiscal years ended June 30, 2023 and 2022, nor was any amount outstanding on the line of credit as of June 30, 2023 and 2022.

### 7. LEASE COMMITMENTS

The Foundation has obligations as a lessee for office space and office equipment with initial noncancellable terms in excess of one year. The office space leases have initial terms of 30 years with no options to extend. The office equipment lease has an initial term of 5 years with no options to extend. The Foundation classifies these leases as operating leases.

Payments due under lease contracts include fixed payments and variable payments. Some of the Foundation's office space leases require variable payments of the Foundation's proportionate share of the buildings' property taxes, insurance, and other common area maintenance charges. These variable lease payments are not included in lease payments used to determine lease liabilities and are recognized as variable lease costs when incurred.

The Foundation also has future obligations as a lessee for office spaces which are still under construction. The office space leases have initial terms ranging from 10 to 15 years with 3 options to extend the lease term for an additional 5 years each. The commencement date of these leases was not determinable as of the date these financial statements were available to be issued, and future payments associated with these leases are not included in the calculation of ROU assets and lease liabilities on the statements of financial position.

Beginning in 2022, the Foundation has elected not to separate nonlease components from lease components for all office space and office equipment leases.

Supplemental cash flow information related to leases included in the Statements of Cash Flows, were as follows:

Year Ended June 30, 2023

---

Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows for operating leases	\$ 4,971,901
Right-of-use assets obtained in exchange for lease obligations:	
Operating leases	\$ -

---

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

As of June 30, 2023, maturities of operating lease liabilities were as follows:

Years Ending June 30	Total
2024	\$ 5,134,716
2025	5,219,368
2026	5,294,743
2027	5,372,156
2028	5,302,850
Thereafter	63,955,632
<b>Total Lease Payments</b>	<b>90,279,465</b>
Less: Present value adjustment	20,426,308
<b>Present Value of Lease Liabilities</b>	<b>\$ 69,853,157</b>

The table below presents additional information related to the Foundation's leases:

June 30, 2023	
Weighted average remaining lease term:	
Operating leases	16.02
Weighted average discount rate:	
Operating leases	3.22%

Upon adoption of ASU No. 2016-02, the risk-free rate used for existing leases was established using the Daily Treasury Par Yield Curve rate as of July 1, 2022.

### Disclosures Related to Periods Prior to the Adoption of ASU No. 2016

As of June 30, 2022, the Foundation had four operating leases for the use of office space and equipment. Rent expense for the year ended June 30, 2022 was \$5,151,722

The future minimum lease commitments required under the lease as of June 30, 2022 are as follows:

Years Ending June 30	Del Harbor	Other Lessor	Less: Expected		Equipment	Total
			Income	Sublease		
2023	\$ 3,374,643	\$ 1,405,393	\$ (88,099)	\$	175,093	\$ 4,867,030
2024	3,414,977	1,447,602	(55,133)		29,182	4,836,628
2025	3,456,231	1,491,000	(4,605)		-	4,942,626
2026	3,486,793	1,535,813	-		-	5,022,606
2027	3,518,272	1,581,747	-		-	5,100,019
Thereafter	45,316,039	24,073,110	-		-	69,389,149
<b>Total</b>	<b>\$ 62,566,955</b>	<b>\$ 31,534,665</b>	<b>\$ (147,837)</b>	<b>\$</b>	<b>204,275</b>	<b>\$ 94,158,058</b>

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

(Continued)

---

### **Related Party**

The Foundation is leasing its main office facilities from Del Harbor Foundation (Del Harbor). Del Harbor is a separately incorporated California nonprofit corporation formed to facilitate and augment the coordination of services and programs of the Foundation or those which benefit individuals served by the Foundation and the Foundation provides administrative support services to Del Harbor. The Foundation paid rent and operating expense reimbursement to Del Harbor of \$3,417,361 and \$3,368,989 for the years ended June 30, 2023 and 2022, respectively.

## **8. CONTINGENCIES AND LITIGATION**

### **Contingencies**

The Foundation is dependent on continued funding provided by the DDS to operate and provide direct program services. The Foundation's contract with the DDS provides funding for services under the Lanterman Act. In the event that the operations of the Foundation result in a deficit position at the end of any contract year, the DDS may reallocate surplus funds within the state of California system to supplement the Foundation's funding. Should a system-wide deficit occur, the DDS is required to report to the governor of California and the appropriate fiscal committee of the State Legislature and recommend actions to secure additional funds or reduce expenditures. The DDS's recommendations are subsequently reviewed by the governor and the Legislature and a decision is made with regard to specific actions.

In accordance with the terms of the DDS contract, an audit may be performed by an authorized state representative. Should such an audit disclose any unallowable costs, the Foundation may be liable to the state for reimbursement of such costs. In the opinion of the Foundation's management, the effect of any disallowed costs would be immaterial to the financial statements at June 30, 2023 and 2022.

The Foundation has elected to finance its unemployment insurance using the prorated cost-of-benefits method. Under this method, the Foundation is required to reimburse the state of California for benefits paid to its former employees.

### **Legal Proceedings**

The Foundation is subject to various legal proceedings and claims arising in the ordinary course of its business. While the ultimate outcome of these matters is difficult to predict, management believes that the ultimate resolution of these matters will not have a material adverse effect on the Foundation's financial position or activities.

# Harbor Developmental Disabilities Foundation

## NOTES TO THE FINANCIAL STATEMENTS

---

### 9. COMMITMENTS

The Foundation contracts with various providers of services for the developmentally disabled. Significant unpaid commitments under these contracts as of June 30, 2023 and 2022, were \$1,970,154 and \$2,159,144, respectively.

### 10. RETIREMENT PLAN

Effective July 1, 2004, the Foundation restated its retirement plan and adopted a prototype profit-sharing plan with a 401(k) feature. All employees are eligible to enter the plan immediately upon employment. The Foundation makes non-elective contributions to the plan on behalf of participants. These contributions are based on a percentage of compensation earned by participants during the plan year. Employee contributions are not required and are entirely voluntary. Participants can contribute up to the federal maximum limit. Beginning November 2016 the Foundation matches 50% of a participant's contributions up to the first 6% of salary, or a maximum employer amount of 3% of salary. Loans are permitted, subject to the terms of the plan document and applicable contract.

The total employer retirement expense for the years ended June 30, 2023 and 2022, were \$3,303,442 and \$3,113,008, respectively.

In addition, effective June 1, 2005, the Foundation established a 457(b) deferred compensation plan. The Foundation does not contribute to this plan; however, employees can contribute to this plan in addition to the retirement plan. Loans are not permitted.

**REQUIRED SUPPLEMENTARY INFORMATION SECTION**

# Harbor Developmental Disabilities Foundation

## SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended June 30, 2023

<b>Federal Grantor/Pass-Through Grantor/Program Title</b>	<b>Contract Year</b>	<b>Assistance Listing Number</b>	<b>Pass-Through Number</b>	<b>Disbursements/ Expenditures</b>
<b>U.S. DEPARTMENT OF EDUCATION</b>				
<b>Passed Through State of California</b>				
<b>Department of Developmental Services -</b>				
Special Education - Grants for Infants and Families with Disabilities (Part C)	22/23	84.181A	H181A220037	\$ 827,959
<b>Total U.S. Department of Education</b>				827,959
<b>Total Expenditures of Federal Awards</b>				\$ 827,959

### Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal award activity of the Foundation under programs of the federal government for the year ended June 30, 2023. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because this schedule presents only a selected portion of the operations of the Foundation, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows of the Foundation.

### Summary of Significant Accounting Policies

Expenditures reported on the schedule are reported on the accrual basis of accounting. Such expenditures are recognized following cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Part C expenditures are based on state contract budget allocations.

### Indirect Cost Rate

The Foundation has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

## **OTHER REPORTS SECTION**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Trustees  
Harbor Developmental Disabilities Foundation  
Torrance, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Harbor Developmental Disabilities Foundation dba Harbor Regional Center (the Foundation), which comprise the statement of financial position as of June 30, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 16, 2024.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Foundation's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

(Continued)

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*AGT CPAs & Advisors*

AGT CPAs & Advisors  
Redding, California  
January 16, 2024

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

To the Board of Trustees  
Harbor Developmental Disabilities Foundation  
Torrance, California

**Report on Compliance for Each Major Federal Program**

We have audited Harbor Developmental Disabilities Foundation's, (the Foundation) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Foundation's major federal programs for the year ended June 30, 2023. The Foundation's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of the Foundation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Foundation's compliance.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

(Continued)

***Opinion on Each Major Federal Program***

In our opinion, the Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

**Report on Internal Control Over Compliance**

Management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Foundation's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

(Continued)

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance, and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
