

TRANSPORTATION SERVICES

We believe in supporting you to travel independently and affordably within your community.

Services may help you by:

Getting you to needed services and supports in your community:

- School
- Work
- Medical
- Dental
- Social Activities

Important:

Services are determined through the Person-Centered Planning process. Services are typically for individuals 18 years and older. School district services typically include transportation to school site. Transportation for minors is typically a caregiver's responsibility.
